

2023 FISHING EXPEDITIONS

June 18 - June 24
July 9 - July 15
July 16 - July 22
July 23 - July 29
July 30 - August 5

It's your turn to catch "the big one!" This program is filled with variety, adventure and a fishin' good time. Get ready to try several different types of fishing: spin casting, fly fishing, drift fishing, and trolling, and use a variety of baits. We will spend time fishing our own Little Elkhart Lake, Mac's Pond, a trout pond, and of course, the big waters of Lake Michigan. We will fish from small boats, piers, pontoon boats, and 24-ft. charter boats. The days will be filled with plenty of fishing time, fishing trips, and ample time to enjoy the other activities at Anokijig. So, bring some patience and a great attitude, because the fish are waiting! All fishing equipment and bait provided.

What to look forward to:

- Lessons in spin casting, fly-fishing, trolling, and drift fishing
- Fishing for Northern, Bass, and Panfish
- Night fishing from the pontoon boat
- Evening charter fishing for salmon and trout
- A super trout cookout at the Friday Night Beach Party

What to bring?

- Your own fishing rod & tackle (optional)
- Some patience
- A great attitude!
